Ms. Christy McKee, Lab Director  
Safety Environmental Laboratories & Consulting, Inc.  
989 Yeager Parkway  
Pelham, AL 35124

RE: Laboratory Certification  
Lab ID #43400

Dear Ms. McKee:

Enclosed is the new microbiological certification for your drinking water laboratory.

The laboratory is certified to analyze drinking water samples for the microbiological analyses methods listed on the certificate and accompanying analyte sheet. Analyses performed by analysts not approved by a primacy agency, or utilizing a method not listed on the certificate, will not be accepted for compliance.

The certification expiration date is **March 31, 2027**. Application for renewal should be made at least thirty days prior to the expiration date with the submittal of a completed application and the appropriate fee.

All results are to be reported to the Department by either XML or direct entry. Analytical results must be received by the Department no later than 10 days after the end of the compliance month. The Lab ID# is **43400** and must be included on all reports submitted to this office for compliance.

If there are any questions regarding this matter, contact me at (334) 271-7775 or [bal@adem.alabama.gov](mailto:bal@adem.alabama.gov).

Sincerely,

A handwritten signature in black ink that reads "Benny A. Laughlin".

Benny A. Laughlin
